

FOUR STAGES OF RESEARCH

1 **PREPARE** for research

- ☐ Ask questions
- ☐ Brainstorm ideas
- ☐ Select your focus

2 **ACCESS** resources

- ☐ Locate resources (books, internet, etc.)
- ☐ Locate information using key words, bibliographies, search engines
- ☐ Select information, using skimming and scanning
- ☐ Take jot notes

3 **PROCESS** information

- ☐ Analyze information for appropriateness
- ☐ Sort information
- ☐ Pull information together

4 **TRANSFER** learning

- ☐ Edit and revise your information
- ☐ Present your research
- ☐ Use your research to understand and learn more
